Housing

Chemeketa does not have on-campus housing. Many of our students live in one of several apartment complexes very close to the college. Most of these students walk, ride bikes, or take a bus from the apartments to the campus. Some students drive, which can make transportation more convenient, but it is not a necessity.

Apartment Hunting

Rooms for Rent, and Roommates

Many students wish to have a roommate for social or economic reasons. Finding a roommate is fairly easy once you are here. We do not find or match roommates for you, but if you wish to get started searching for one before you arrive, we may be able to help you advertise.

There is a Housing bulletin board in Building 2, Student Center, where students and community members put up advertising cards for roommates, housing needed, and rentals available. Some students have apartments and need a roommate to share expenses; others are looking for an apartment and a roommate. Simply fill out a Housing Information Card at the Student Life Office and they will post it for you.
